To Whom It May Concern:

I must say the best thing I did in 2008 was to attend the Oregon Petroleum Marketers meeting in Sun River. I'm sure you may be asking why I would say anything such as this. My reason is I was fortunate enough to be able to hear Sam Nigro from Loss Prevention Group present a seminar on the work his company performs for gas stations and convenient stores.

Like most marketers there never seems to be enough time in my day to get the things done that need accomplishing. We were suffering losses with no way of verifying who was responsible for those shortages. After hearing Sam speak about his company's accomplishment, I gave it a lot of thought.

In August I bit the bullet and called for Sam's assistance with one of my stores shortages. Bill Woodard, one of Loss Prevention's best assets, contacted us and started to work with the video cameras and pictures.

Since that time we have added 2 more stores for oversight by Loss Prevention. We have had intervention from Loss Prevention with many employees resulting in prosecutions at 2 different sites. Loss Prevention's Sam Nigro through his investigations got confessions from several different employees who were immediately terminated and prosecuted.

Thank you, Sam and Bill for being very ethical, honest, helpful and accommodating. You have saved our company a lot of money through your helpful oversight. I highly recommend anyone with shortage issues to contact Loss Prevention Group. I truly believe you will be more than compensated by your association with them.

In the event you would like to speak personally with me or email me you can reach me at [leathers@teleport.com](mailto:leathers@teleport.com). I will be more than happy to speak with you.

Sincerely,
